Around the Square

During our routine visit to National Guard headquarters in the City Hall basement this week, we noticed most of the men in varying stages of being inoculated.

"Getting ready to go to Korea, boys," we asked cheerily, remembering how we were "shot" repeatedly in preparation to going overseas during World War II.

Amid the loud denials, some of which bordered on the profane, one of the Guardsmen pointed out that the inoculations are a routine step preceding the company's annual departure for summer training camp at San Luis Obispo.

Memo to merchants: Let's not wait to be "shamed" into parking our cars off the business district streets. The Merchants' Committee prefers not to embarrass anyone by placing a "merchants parking ticket" on the car window of offending business people. But if the written requests don't work, well . . .

T.T. The n.n. noise o.o. j.j. ack h.h. hammers has been j.j. jar-ring the K.K. Kersting C. Court area all week. Just the same, we're glad to see some work progressing on Baldwin avenue, even if it isn't street repairs just yet.

After nearly 20 years, the city park house is going to get a paint job. The City Council this week approved the expenditure of \$363 for "two coats of paint, miscellaneous repairs, and clean up."

Hats off to Bethany Church leaders for their clever way of advertising their current "Flight School for Christian Airmen." They've distributed more than a hundred balsa wood gliders to city youngsters, with dates and data about the Bible School stamped on each wing.

The trouble with Don Jackson's new store is that now most of the other downtown stores look so drab and ancient in comparison.

The most significant thing noted this week were the short tempers displayed by almost everyone. In general, people seem ready to jump at a drop of the proverbial hat. We will diagnose the common ailment as "war-scare jitters."

Merchants Asked: 'Park Off Streets'

All Sierra Madre merchants this week were asked: "Please do not park your cars on streets of the business district."

The request will come in the form of a letter sent each local businessman. The action was voted last Friday evening during a meeting of the Sierra Madre Merchants' Committee.

It was brought out that much of the available parking space in the business area is "hogged" by the merchants themselves. If merchants would park elsewhere, it was felt that one large phase of the parking problem would be solved.

The Merchants' Committee asked Al Suman and Jack Osgood to draft the letter to Sierra Madre's business people.

If the letter fails to get the desired results, the committee proposes an "ace in the hole."

A system of "merchants parking tickets" would be started, whereby parking "tickets" would be placed on the cars of offending merchants.

While having no legal effect, the tickets would help "shame" business people into keeping their cars out of the downtown parking area, it was pointed

National Guard Reserve Begins Enlistment Program

A full-scale enlistment program was launched this week in Sierra Madre's California National Guard Reserve Unit. According to Lt. Daniel C. Haight, company commander, the unit is being strengthened in readiness for any possible emergency.

The National Guard Reserve program offers the older men of Sierra Madre a chance to do their part in time of national emergency. During World War II, the company numbered between 70 and 75 men.

Flames Gut Two Garages; Auto Saved

Flames swept through two garages Sunday night, completely destroying both structures and endangering other nearby buildings.

The fire started in the small garage at 415 Mariposa, burned its way through the east wall and spread to the garage next door at 405 Mariposa.

The blaze was discovered and reported as it was breaking through the walls of the first garage and jumping the two feet to the second.

Claude Rhodus Jr., 405 Mariposa, drove the family car out of the burning garage just in time to save it from damage. A bicycle, owned by his younger brother, Gary, however, was destroyed in the fire.

Mr. Rhodus also reported the loss of an ice box, cedar lumber, and wire fencing, as well as the garage itself.

Rhodus family members were playing cards in their home when they "casually looked up and saw our garage on fire."

Owner of the house at 415 Mariposa, where the blaze originated, is David Aronson. The house is occupied by Mr. and Mrs. Jonathon Singer.

Fire Chief James C. Heasley said the fire apparently started from spontaneous combustion.

Chamber Board Hears Report

The Board of Directors of the Sierra Madre Chamber of Commerce met Tuesday night with Vice-president Frances Danielson presiding.

Lloyd Howard, chairman of the Merchants' Committee, made a report, and Mr. Danielson announced that following the business men's recommendation, a committee would be formed to study the parking situation.

The Merchants' Committee also appointed Mr. Suman and Sam Davis to serve on a subcommittee to investigate all phases of Sierra Madre's parking problem.

The two men will check the present availability of parking space; consider recommendations to alter the parking time from two hours to one; and analyze the possibility and need of getting an additional parking lot or lots.

Following a discussion of city street work plans, the committee voted to ask the Chamber of Commerce to write the City Council, requesting that street work on Sierra Madre boulevard be planned so as not to be done during the Christmas season but, instead, after the first of the year.

Lieutenant Haight explained that the National Guard Reserve is the Organized Militia of the State of California. It differs from the regular National Guard in that its duties lie solely within the state boundaries.

Special emphasis is placed on the preservation of order and establishing security in our own community. Should the regular National Guard be mobilized into federal service, the NGR would step into its place.

The officer said men with some past military experience are eligible for membership in this organization. Also, men holding an honorable discharge from the regular National Guard or a medical discharge from the armed forces will be considered.

"The California National Guard Reserve movement is

SUMMER CRAFT CLASSES BEGIN

Informal craft classes are being offered Sierra Madre school age youth every day, Monday through Friday.

Sponsored by the City Recreation Commission, the classes meet at the City School, Room 12, from 1 to 3 p.m. First session was held Monday, July 10.

Instruction in leather, copper, and woodburning work is offered by Mrs. Lola McCrum. Only charge for the classes is the cost of materials used by each boy or girl.

Recreation Director Sam McElfresh said young people may take part in the craft work as many days a week as they like.

No More Flashlights?

Business District Gets Green Light on Street Lights

Formation of a special street lighting district for the downtown area was assured this week as the City Council adopted two resolutions.

The resolutions stated that the lighting district affecting portions of Sierra Madre Boulevard and Baldwin Avenue should be set up as a matter of public convenience.

The city will contribute \$551.88 to the district as payment toward maintenance costs. Property owners of the district will be specifically assessed on a front-door basis to pay for the street lights.

Councilman Noren Eaton, in moving the adoption of the resolutions, explained that property owners would pay 62 cents per front foot for the first year. This sum would include cost of maintenance payments.

After the first year, however, owners would pay 17 cents per front foot of their property.

It was understood that the street light district would include 30 ornamental metal light poles and accompanying lights of 6000 lumen brilliance.

A routine public hearing on the report of proposed street light plans was set for Tuesday, Aug. 8, at 8 o'clock, in the Council Chambers.

The Council also authorized the hiring of Frank A. Buchanan of Arcadia as a special police officer to serve "as needed during the vacation period." Mr. Buchanan.

General Burress said the instruction is designed to insure the most effective development and employment of the infantry as part of the combined arms team.

A graduate of UCLA, Major Edwards has been on active duty with the U.S. Army since 1940. Before taking the advanced officers' course, he was stationed at Fort Riley, Kansas.

Sierra Madre is "home base" of Major Edwards. Major and Mrs. Edwards are the parents of three small daughters. The officer expects to leave for Okinawa in August.

Local Flier Missing in Korea Action

First Lt. David A. Moore, 400 Mariposa, this week was reported missing in action over Korea. The Air Force officer apparently is the first Sierra Madrean lost in the Far Eastern fighting.

Lieutenant Moore's wife, the former Bonita Williams, said she received a telegram from the Defense Department Saturday, informing her that her

husband was officially listed as "missing" since actions on July 6 and 7.

The officer returned to active duty with the Air Force in April of 1947. He has been serving in Korea for the past three months.

With the rating of navigator-bombardier, Lieutenant Moore served as a captain during World War II. He flew 25 combat missions over Japan in B-29 Superfortresses, for which he was awarded the Distinguished Flying Cross with Oak Leaf Cluster.

Lieutenant Moore also holds the Purple Heart, a Unit Citation, and Air Medal with three Oak Leaf Clusters. He is a native of Philadelphia.

Lieutenant and Mrs. Moore are the parents of a 3-year-old daughter, Sharon. Mrs. Moore lives with her mother, Mrs. Edith Williams of Mariposa.

WCTU Elects Mrs. J. Hall

Mrs. J. A. Hall, 611 W. Grandview, has been elected 1950-51 president of Harter Women's Christian Temperance Union. She succeeds Mrs. Frank Freeman as president.

Other officers elected at the last meeting of the local WCTU were Mrs. Louise Weaver, vice-president; Mrs. Emily Crockett, corresponding secretary; Mrs. Mabel Munson, treasurer; and Mrs. Helen Sandage, recording secretary. Mrs. Freeman is radio director, and Mrs. Hazelle R. Paus is publicity director.

It was expected that the new cabinet would be installed at the unit's next meeting.

DRAFT BOARD BEGINS CLASSIFYING MEN 1-A

Work is beginning this week in the classifying to 1-A of Sierra Madre Selective Service registrants, according to J. W. Hudson, chairman of Local Board 91 in Monrovia.

Mr. Hudson said between 700 and 800 young men, ages 19 through 25, would be affected in the three cities under the jurisdiction of his board—Sierra Madre, Monrovia, and Arcadia.

According to Mr. Hudson, David S. Nelson is Sierra Madre's representative on the draft board. The order to begin classifying men to 1-A (most vulnerable draft status) was ordered last week by the State Selective Service organization.

PE Petitions To Rip Up Local Rails

Pacific Electric last week asked permission of the state to rip up the PE tracks in Sierra Madre and on seven other rail lines.

PE officials petitioned the State Public Utilities Commission for permission to tear out the steel rails on routes where buses are to be substituted for the Big Red cars.

The petitioners were trying to amend the commission's order of May 9 which approved bus-for-trolley substitution, but which specified the rights-of-way must not be surrendered for a year.

They requested rail removal OKs where such action would be "expedient." Pacific Electric said a check was made of communities where rail lines are to be abandoned and it was found "all communities hope to have the rails removed as soon as possible."

Besides Sierra Madre, the petition listed these lines for immediate rail removal: Oak Knoll lines, Echo Park line, 4th and Hill streets, Vineyard Junction to Beverly Hills and Culver City, Culver City to Santa Monica, 9th and San Pedro streets to Aliso and San Pedro streets, and the Alhambra-San Gabriel line.

The Monrovia-Glendale line was excepted, a PE spokesman said, because freight still is being hauled on that line.

At the Tuesday night meeting of the City Council, City Attorney T. Guy Cornyn reported that he and City Engineer Harry H. Shatto had met with PE officials and it was confirmed that Pacific Electric is "very anxious" to see the rails removed, October was mentioned as the date to tear up the local tracks, he said.

PE spokesmen have proposed

City Forming Softball League, Seeks Sponsors

Calling all boys!

Formation of the Sierra Madre City Twilight Softball League was announced Monday by Recreation Director Samuel E. McElfresh.

All boys—regardless of age—are invited to come out and play.

Softball games will be scheduled and played afternoons, from 4 to 6 o'clock, throughout the summer months. Games will be played at the City School ball diamond.

Mr. McElfresh said sponsors are needed for the league teams. Any Sierra Madre organization or church is invited to be a team sponsor.

Boys interested in taking part in this community activity are asked to report Monday, July 17, 4 p.m., on the city school grounds.

CITY PREPARING DISASTER CHART

QUESTION AT COUNCIL MEETING FINDS SIERRA MADRE ALERT

The recent turn for the worse of international events has not caught the City Council napping.

The city has been quietly working out civilian defense plans—plans which would go into effect in the event of a war or disaster.

In conjunction with the Disaster Council Ordinance which was adopted by the Council in March, 1949, city officials this week were working out a personnel chart designating positions and duties of key defense or disaster leaders.

The personnel chart and any changes in the 1949 ordinance recommended by City Engineer Harry H. Shatto probably will come before the Council at its next meeting on July 25.

Councilmen then will make appointments, to the various posts.

The matter of what the city is doing in the way of civilian defense was brought up at Tuesday's meeting of the Council by Mrs. May de Wright. She asked (1) what does the city plan to do?; and (2) is the city air raid siren still in existence?

Mayor William A. Kinney told Mrs. de Wright that Mr. Shatto is preparing the personnel chart and that the city is "moving ahead" in its civilian defense plans. Chief of Police Gordon G. McMillan reported that the air raid siren was still mounted and ready for use.

A letter from the League of California Cities and addressed to all cities of the state was received by the Council last week. The letter pointed out the advisability of putting into immediate effect many of the steps outlined in each city's Disaster Council Ordinance. It stated:

"... The time has not yet come to recruit thousands of volunteers for specific civil defense jobs, except the recruitment and training of volunteers for the ground observation system, a part of the air defense system being developed under authority of the Western Air Defense Command.

"What is needed immediately is the selection of command and top operating personnel clearly indicated in the disaster ordinance, the development of relationships with private organizations (such as the Red Cross and the private utilities), a very careful evaluation of

At that time, boys and girls who were promoted the most during the two-week course will be awarded silver-plated wings. Youngsters are able to go through the ranks—from cadet to senior pilot—in the Flight School.

Board Adopts Tentative \$172,735 School Budget

A tentative 1950-51 budget of \$172,735 for Sierra Madre City School has been adopted by the School Board, Superintendent Charles A. Skutt announced this week.

The proposed budget represents an increase of \$4,960 over last year's \$167,775. Public hearing on the budget is scheduled for Tuesday night, Aug. 1, 8 o'clock, at the school auditorium.

Included in next year's tentative fixed charges figures is an increase of \$1100 to allow for the rental of outside classroom space. Mr. Skutt said at least two additional classes will be rented to meet the emergency school housing shortage.

Largest single item increase in the 1950-51 budget is \$11,685, which will provide for the hiring of three additional teachers, routine salary increases, and necessary supplies to meet the expected enrollment increase.

"We are keeping in effect our automatic salary raises of approximately \$100 annually for certificated personnel," Mr. Skutt explained. "These increases plus the additional cost

of all school supplies also are reflected in the \$11,685 increase."

Sierra Madre City School still has an outstanding item due Pasadena of approximately \$13,000 for seventh and eighth grade local students, Mr. Skutt pointed out.

"As near as we can tell now," he stated, "per pupil costs will remain approximately the same as last year."

The superintendent said undistributed and general reserves are estimated to be several thousand dollars less than last year to allow for the hiring of the three new teachers. He said, however, part of the school's community services budget item—\$1250 as the school's contribution to city recreation—might be reduced to maintain last year's reserve levels.

SUMANS HERE FOR SUMMER

Mr. and Mrs. A. L. Suman and family arrived from Palo Alto this week and plan to spend the summer at their Sierra Madre home on Sturtevant Drive.

CHURCH PICNIC

This Sunday members of the Presbyterian Church Clipper Club and Sunday School are planning a picnic at San Dimas Park. They will meet after church about 1:30 p.m.

City Guardsmen Are 'Shot'
—In Readiness for Camp

Officers and men of the Sierra Madre Heavy Mortar Company, California National Guard, were taken out and shot Monday night during their regular drill session.

The shots were not fatal, however, but were of the arm-rubbing variety. Guardsmen are inoculated each year before taking part in the annual summer training camp at San Luis Obispo, scheduled this year for Aug. 13 to 27.

Captain Sanford M. Ullman, commanding officer, said the camp this year will include three days and nights spent "under canvas"—that is, living in tents.

Following the return from camp, the local company will begin advanced training, the last lap of the three-year National Guard training program. This training, Captain Ullman said, will be on a par with training offered troops of the regular army.

Local Guardsmen will take part in small arms range firing drills at Santa Ana on July 29 and 30.

The captain pointed out, again, that there are now no possible excuses for missing weekly drill sessions.

PFC. JOHN FERGUS

HERE ON SURPRISE

VISIT FOR 10 DAYS

Pfc. John Fergus of Lackland Air Force Base in San Antonio, Texas, arrived home unexpectedly Sunday night for a 10-day furlough with his family. Mr. and Mrs. John Fergus of West Sierra Madre boulevard. He just completed 14 weeks basic training.

Visiting here with him is a friend, Pfc. Howard Dimm of Alberta, Canada.

After the 10-day visit, Pfc. Fergus and Pfc. Dimm will be sent for 28 weeks pilot training at Shepherd Field Technical School in Wichita, Kans.

MRS. BOYD VISITS
FROM ATLANTA

Mrs. Emma Boyd of Atlanta, Georgia, has been houseguest of Mrs. G. G. Baumen, 500 W. Sierra Madre boulevard, for the past week.

Mrs. Boyd is touring the West and will make stops in San Francisco, Portland, and Seattle before returning home in August.

Guard to
Commission
Robert Barr

Robert Barr, a member of the Sierra Madre Heavy Mortar Company, California National Guard, has completed Officers' Candidates School and extension courses and now is eligible for his commission.

Captain Sanford M. Ullman, commanding officer of the company, said Mr. Barr's commission as a second lieutenant is expected to be received within the next two weeks.

Mr. Barr enlisted in the Guard as a private in June, 1948.

GI's IN KOREA

MAY GET VA

CASH BENEFITS

American servicemen called into action in Southern Korea might be eligible for several benefits administered by the Veterans Administration, it was announced last week by VA officials.

Those who suffer injury or disease in line of duty may be entitled to disability compensation pay at full wartime rates, despite the fact that this nation is not at war.

Also, if they carry National Service Life Insurance, premium payments may be waived in case of injury or disease—"traceable to the extra hazard of service"—and any action in South Korea could fall under that category.

City Offers
Night Sports

Sierra Madre youths this week were reminded of the night recreation program offered Monday and Wednesday evenings, 7 to 9, by the City Recreation Commission.

Such sports and equipment as tennis, ping pong, volleyball, playground apparatus, touch football, tetherball, horseshoes, and shuffleboard are available for local boys and girls, according to Samuel E. McElfresh, director of city recreation.

A tennis tournament, featuring boys' and girls' singles and mixed doubles, got underway last Monday, July 10. McElfresh said, however, players can still sign up for tournament competition.

A ping pong tournament will follow the tennis tourney.

LuVisi Ends
TV Study

Thomas Peter LuVisi, 734 Skyland, was graduated recently from DeForest's Training, Inc., in Chicago, a school offering specialized scientific and practical instruction for radio and television.

Mr. LuVisi, who arrived home by train Sunday morning, hopes to work in the Los Angeles area, probably as a television service man.

He said on the way home he traveled past the site of the recent Santa Fe train disaster in Illinois. Press photographs of the wreck, Mr. LuVisi said, did not half describe the horror of the accident.

Mr. LuVisi is the son of Mr. and Mrs. John J. LuVisi. He attended St. Rita's School, Pasadena City College, and St. Francis High School in Flintbridge.

Beach City Notes
Diamond Jubilee

A full calendar of continuous entertainment for everyone is underway this week during Santa Monica's 75th birthday Diamond Jubilee celebration, July 9 to 16.

Activities today (Thursday) will include the world's largest square dance covering more than three city blocks with more than 900 squares of dancers.

Friday events will feature the revival of the 100-mile road race patterned after the 1916 Vanderbilt Cup Race and including some of the original cars and drivers of that race. A parade and folk-dancing is planned for Saturday, and the celebration will close Sunday with a huge barbecue in Palisades Park.

REUNION SATURDAY
FOR EX-'SUCKERS'

A mid-summer reunion for "The Suckers" of Illinois and their friends is planned for this Saturday, July 15, at Sycamore Grove Park in Los Angeles.

Illinois State Society President Ed J. Miller announces that several speakers, varied musical features, and splendid fellowship is assured all who attend the picnic.

Square Dance Classes
Beginning For Adults

A complete square dance training program for beginners, intermediate, and advanced students is beginning this week under the auspices of the adult education division of Montevia - Arcadia - Duarte High School.

The classes, to be held out-of-doors in a paved area just north of the MAD High School gymnasium, will be instructed by popular caller, Doc Alumbough. All adults over 18 may enroll at the first class meetings.

Beginners class will be held Tuesday evenings, 8 o'clock; Intermediate class will meet Wednesdays, 8 p.m.; and the advanced class will meet on the first and third Fridays of July and August, also at 8 p.m.

'Lights Out'
Proves Hit
TV Feature

Tales of the supernatural, with a dash of science fiction, have brought "top 10" prominence in New York to a television show which is less than a year old.

It is "Lights Out," the weekly Monday night dramas on KNBH at 9 p.m.

Using the series title made famous in radio, "Lights Out" has successfully adapted itself to TV. Frank Gallop now narrates the half-hour show, and the dramas are produced by Herbert Swope Jr., son of the famous editor of the New York World.

He culls the stories from the scores of suggested scripts which come to NGC weekly. Some are adaptations from well-known short stories.

Brakes Fail;
Girl 'Rides'
Car Downhill

A car was damaged but no one was injured when it rolled down a hill Saturday night, jumped a curb, and smashed into a tree.

On driving out of a dirt driveway on North Auburn, three El Monte youths hooked the bumper of their car on a city fire hydrant.

The two boys, John Thurman Baker and George Voles, got out of the car to try to jack the car over the hydrant, leaving an 18-year-old girl, Dolores Brandon, in the front seat of the auto.

As the car was released, it began to roll down the hill, leaving the two boys behind. Being unfamiliar with the car, Miss Brandon was unable to find the light switch or emergency brake. To make matters worse, she said the foot brakes would not work.

So the girl remained in the car as it careened down the hill. She attempted a left turn at Elm, jumped the curb, and came to a halt against the trunk of a tree. She escaped injury.

Front right fender of the car was badly mangled in the accident.

Couple Sails
For Japan

Dr. and Mrs. Frank E. Freeman, 137 E. Montecito, sailed last week for Japan where they will visit with their daughter, Mrs. Wilbur B. Young.

Mrs. Young's husband is a captain in the U. S. Army stationed at present in Japan. The Freemans will arrive in Japan July 24 and will remain for four months.

Mrs. Freeman was last year's president of Harter WCTU.

Sierra Madre Raiders Smash Hilers, 10 to 1

VFW Wins Fourth Game In Row

Winning their fourth consecutive game, the Sierra Madre Raiders Sunday afternoon routed Hilers 76 team, 10 to 1.

Winning hurler Stueve pitched the best game yet at the city ball park, holding the Hilers to three scattered hits in seven innings. Relief pitcher, Emirhanian, allowed no hits but the visitor's one run was scored during the two innings he pitched.

The Raiders amassed 13 hits to score their 10 runs and keep in the win column for the fourth straight week. Sierra Madre runs were batted in by Kiggins (2), Dixon (2), Lambert (2), Evans and Franco. Kiggins and Dixon rattled up two-base hits to lead the local swatters for the day.

Stolen bases were chalked up by Clark and Pastelak for the Hilers; Dixon, Franco and Lloyd (2) for the VFW nine.

Raider Bat-boy Bob Perry, age 14, officially was made a regular member of the team during Sunday's contest. He batted for Dixon in the eighth inning, getting a single, and made two good catches in left field during the ninth inning.

The Raiders will meet Kelley's All Stars from Los Angeles at next Sunday's game, beginning at 2 p.m.

Sailors take note! There's more fun than work involved when you swab a ship's deck with the new type cellulose sponge mop which absorbs up to twenty times its own weight in water. And you'll keep the glamour-look when you wear a Sea Nymph swim suit, shown above, which is figure-flattering and as streamlined as the modern mop.

'Dream-world' of Norway Described by Mrs. Parker

The far north of Norway is described as a "dream world" in a communication received this week from Hjordis Kittel Parker, 31 E. Highland.

Mrs. Parker has been in Norway for the past two months, taking pictures and gathering material for her latest film-lecture series. She is being sponsored on the trip by the Norwegian government.

The feature length film-lecture Mrs. Parker is preparing probably will be ready for release in this country in October. The Norwegian government had assured her every cooperation in getting authentic pictures of Norway because of the international understanding furthered by other film series prepared by Mrs. Parker.

In a card dated June 29 and received by Mrs. Ione E. Ward, publisher of the NEWS, Mrs. Parker writes:

"For the past two weeks, I have been in the far north of Norway. It is like a dream world! The sun shines always. I have come to know the Samer (Norwegian Lapps) intimately; have filmed them, their mild flocks of white reindeer, and the strange Arctic bird life of the Polar Sea. The Lapps are wonderful people—simple and good."

Mrs. Parker is expected to return to the United States around the end of July, arriving aboard the Norwegian passenger liner "Oslofjord."

ROSENS RETURN

Mr. and Mrs. Louis Rosen and daughter, Fay, recently returned to their Sierra Madre home, 225 N. Lima. For the past six months they had been living in Westwood Village, where Miss Rosen was a student at UCLA.

FIRE FLAMES

It is well realized that those who read this column are well aware of what they are going to read. There is little change in the style, but always the same aim. We are for more and more fire prevention.

Perhaps it would be of some interest to the readers to inform them a little of the cost of maintaining the fire department in its present state.

Last year's budget called for an expenditure of \$9,218.92 which included \$2000.00 to be set aside for a new fire truck in the future. To date (the last of May) we have used \$6,024.36.

The fiscal year ends June 30th. To some people this will sound like a large amount of money for a so-called volunteer fire department. They must understand that the fire department is paying one police officer's salary. Also a gift of the city to the fire department reaches the amount of \$1200 per year.

This, with the cost of night fires, and extra fire patrol at times, adds up rapidly. And even at that, if the figure should reach \$8000, it would still be a pretty economical way to keep a fire department.

At this stage of the game, since our city has reached close to 8000 people, it means about a "buck" each. Other expenses include supplies, telephone, gas and oil, equipment repairs, insurance, power, and miscellaneous items.

So far and so good. We have been fortunate enough not to be the victims of delayed alarm or time lost for want of driver or men. We may have that to look forward to, but we are still hoping that good luck and fate stay with us.

There are times that some of us live on needles and pins while thinking of what might happen. Few realize the difference in efficiency between what was and now is. There was a time when we could rely on having a driver of a fire truck at hand at all hours during the day or night. Things have changed. The method of receiving alarms has changed.

We are really not as well protected as we were years ago when the telephone company central office received and sent out our alarms for us. They no longer do that. There was a time when a fire fighter would hear the alarm sent out by the telephone office and we would be instructed at the phone as to the exact address. He knew that the men at the police station were off and away with the fire truck to the address of the fire.

Such a system is no longer in use. The difference is that now a person calls operator, and the operator switches the call to the fire department (which is located in the police station) where the call is received by an officer on duty who is tied to his post. He must locate the district in which the fire may be and then arrange the signal for the alarm blast. He then hopes (perhaps prays) for a driver to show up in a hurry.

U.S. TO BATTLE SPEEDERS AND DRUNK DRIVERS

In a united effort to halt a rapidly-rising increase in fatal automobile accidents, California has been asked to join the other 47 states in a nation-wide crackdown on speeding and drinking motor vehicle operators.

Governor Earl Warren in receipt of a letter from J. Dewey Dorsett, general manager of the Association of Casualty and Surety Companies in New York, officially transmitting a strongly worded resolution appealing to all states, municipalities, and counties in the nation to enforce laws governing motor vehicle speeds and driving while under the influence of liquor.

Declaring that speeding and the use of alcoholic beverages are the primary causes of highway accidents, the resolution cites the National Safety Council as authority for the statement that deaths due to motor vehicle accidents rose 11 per cent during the first four months of this year over the corresponding period in 1949.

Mrs. K. E. Carlson Spending Summer In North Dakota

Mrs. Kenneth E. Carlson and three children of 277 Ramona left Friday for Ambrose, North Dakota, where they will visit Mrs. Carlson's parents, Mr. and Mrs. O. Ingmar Olesen.

Also visiting at the Olesen home will be Mrs. Carlson's sister, Nellie R. Olesen, Chicago deaconess, whom Mrs. Carlson has not seen in 20 years.

When Mrs. Carlson returns to Sierra Madre in the fall, her parents will accompany her and build a permanent home on Mariposa avenue.

ceived by an officer on duty who is tied to his post. He must locate the district in which the fire may be and then arrange the signal for the alarm blast. He then hopes (perhaps prays) for a driver to show up in a hurry.

The men at home can only hear the signal which covers blocks. To play safe he has best to go to the station for fear that he may go in the opposite direction from the fire.

It is just about useless to go to the phone and expect to learn the address. Your neighbors will want to know too, so they have the line busy.

The fire fighter will rush from home or wherever he may be. Most of the time, he will be blocked by fire chasers who must get there whether or not. They will do their utmost to get just as close to the fire trucks as possible. That gives them a better seat or permits them to watch the awkwardness of the "hick town" fire department.

They know that Sierra Madre is handicapped by a shortage of police officers at a time like this. They love to watch and see how much better the fire department of some other city would have done the work. And so on.

However, the men of your fire department are as interested, as anxious, as fire conscious, and as hopeful for a low fire loss as ever. There are improvements to be made toward efficiency and as time goes on, we hope they are reached.

And so, let's all get together and keep down the fire loss by preventing fires by watching, watching. If we continue with the alertness we will do much to keep the FIRES OUT.

Adults Urged To Form 'X-Ray Habit'

Doctors believe that if every adult 15 years of age and older formed the habit of yearly chest x-ray examinations and if prompt treatment were started for everyone found with tuberculosis, the disease could be eradicated in the United States.

Since early TB has no apparent symptoms, "hidden cases" of the disease can be found only by x-raying seemingly healthy people. It is estimated that there are close to 250,000 of these "unknown" cases of tuberculosis in this country—most of which cases are among people who do not even know they are ill.

Because TB is easily spread from those who have it to people who are well, the disease unknowingly is being spread by the "hidden cases."

'Peace In Our Time' Begins Run

Noel Coward's pounding comedy-drama, "Peace In Our Time," opened for one week Tuesday night, July 11, at Pasadena Community Playhouse as the fourth offering in the Annual Midsummer Drama Festival series.

Following the "Modern Playwright's" theme of this year's festival, the Coward play is as up to the minute as tomorrow's headlines. Depicting what might have happened had Great Britain fallen under occupation in the last war, "Peace In Our Time" combines suspense, stark drama, and humor in a gripping story made even more powerful by recent international events.

Heading the cast of more than 40, under Barbara Vaja's direction, are Norman Rainey, A. Ben-Aster, Eileen Stevens, Felippa Rock, Trevor Ward, and Lillian Hamilton.

New Music Teacher At Grammar School

Factory Worker Earnings Reach All-Time High

"Average weekly earnings of California factory workers reached an all-time high in May," Paul Scharrenberg, California director of industrial relations, announced Monday.

Production workers in California manufacturing plants earned an average of \$63.53 per week compared with \$62.94 in April and \$61.80 per week in May, 1949.

Factory employees in California earned \$6 per week more than those in the United States as a whole. National average was \$57.50 per week in May, 1950.

Hourly earnings of manufacturing production workers in California also reached a new high—\$1.63 on the average.

Low Prices On Lumber

What is a low price? It isn't necessarily the lower of two quotations—say \$285 against \$300. The first one is of course 5% below the other. But the grade value may be 10% lower—in fact, the grade may be unsuitable for your building. And delay in delivery might mean idle carpenters, and make the "bargain" even worse.

Our belief is that no price is "low" unless you get exactly what you order and need, and get it when you need it. We sell at low prices. We have the facilities, equipment and organization to give you good service. We have the most eager desire to please customers.

Let us serve you.

ORDINANCE NO. 503

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, AMENDING SECTIONS 4, 7 AND 8 OF ORDINANCE NO. 391 OF SAID CITY, KNOWN AS THE ZONING ORDINANCE.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, CALIFORNIA, DOES ORDAIN AS FOLLOWS:

SECTION 1. That Section 4 of Ordinance No. 391 of the City of Sierra Madre, entitled, "An Ordinance establishing a land use plan within the City of Sierra Madre; creating six (6) districts; regulating the use of property, height of structures, and open spaces for light and ventilation; adopting a map of said district; defining terms used; providing for the adjustment, enforcement and amendment thereof; and prescribing penalties for violation; and repealing all ordinances in conflict therewith," adopted December 27, 1938, be and the same is hereby amended to read as follows:

"SECTION 4: R-1 (SINGLE FAMILY) RESIDENCE DISTRICT. Regulations. (A) Uses Permitted:

1. One-family dwellings of a permanent character placed in permanent locations;

2. Accessory buildings and uses incidental to each single family dwelling, including a private garage for the accommodation of not more than three (3) automobiles; children's play house; bath or green-house; tool-shed; work room; servants' quarters, provided no kitchens or kitchen facilities are provided therein; work shops; stables and sheds for the housing of domestic animals; when placed upon the same lot or parcel of land, and not used or operated commercially.

3. Home occupations, including any vocation or trade when carried on within the dwelling; provided not more than twenty-five (25%) per cent of the ground floor of the dwelling is so occupied; only electrically operated motors, not in excess of one (1) horsepower or a total horsepower in any one building not exceeding three (3) horsepower; no merchandise or articles are displayed for advertising purposes; no articles or materials pertaining to such home occupation are stored other than in the dwelling, and providing no assistants are employed;

4. Professional offices such as that of a physician, surgeon, dentist, lawyer, music teacher, art teacher, or photographer, when situated within the dwelling; provided not more than twenty-five (25%) per cent of the ground floor area of such dwelling is so occupied and provided no name-plate or sign be displayed upon the premises, other than one unlighted sign not exceeding one (1) square foot in area containing the name of the profession and the occupant of the premises;

5. One unlighted sign not to exceed six (6) square feet, located not less than ten (10) feet from any property line of the lot upon which the sign is placed, and pertaining only to the rental, lease or sale of building or property upon which such sign is located; no other advertising sign or advertising device of any character shall be permitted in any R-1 Residence District;

6. Public parks, playgrounds, and recreation centers, including all necessary facilities thereof;

7. Nurseries, green houses, flower and vegetable gardening, orchards or the raising of tree crops, field crops, berry or bush crops, for the purpose of propagation and culture, and including the wholesale or retail sale of the products produced upon the premises, provided no signs, displays or stands are used in conjunction therewith.

(B) Building Height Limit: Two (2) stories, but not to exceed thirty-five feet.

(C) Building Site Area Required:

The minimum site area shall be one lot, or seventy-five hundred (7500) square feet of lot area per each dwelling.

(D) Front Yard Requirements:

The front yard shall be as now required, or as may be hereafter required by any Ordinance of the City of Sierra Madre.

(E) Side Yard Required: On the interior lots there shall be a side yard on each side of a dwelling with or without attached garage, of not less than five (5) feet and of not less than three (3) feet for a

detached garage or accessory building; provided that when one or more dwellings are erected at locations on a lot other than the building sites contiguous to the front yard, the required side yard for each such building shall be not less than ten (10) feet.

On corner lots the required side yard line adjoining the interior lot shall be the same as for interior lots. The required side yard on the street side shall be ten per cent (10%) of the width of the lot, provided it shall not be less than ten (10) feet; and provided further that accessory buildings shall be located not less than fifteen (15) feet from the side street lot line.

(F) Rear Yard Required: On lots having only one dwelling there shall be a rear yard of not less than twenty-five (25%) per cent of the depth of the lot, provided such rear yard need not exceed twenty-five (25) feet. On lots having two or more dwellings the required rear yard for the dwelling nearest the rear lot line shall be not less than ten (10) feet and the distance between separate dwellings on the same lot shall be not less than thirty-five (35) feet.

(G) Distance between buildings on same lot:

No detached accessory building shall be closer than five (5) feet to any other accessory building, or to the main building, on the same building site."

SECTION 2. That Section 7 of Ordinance No. 391 aforesaid, be and the same is hereby amended to read as follows:

"SECTION 7: R-2 (TWO-FAMILY) RESIDENCE DISTRICT. Regulations:

(a) 1. All uses permitted in the R-1 District;

2. One two-family dwelling;

3. Two single-family dwellings.

(b) Building Height Limit: Two (2) stories, but not to exceed thirty-five (35) feet.

(c) The minimum building site area shall be a lot, or parcel of land 6,000 square feet in area, provided, however, that on each additional 2,500 square feet of building site area one additional family or housekeeping unit may be erected, but in no case shall a lot or parcel of land having an area of less than 5,000 square feet be used as a building site for more than one family or housekeeping unit.

(D) FRONT YARD REQUIREMENTS:

The front yard shall be as now required or as may be hereafter required by any Ordinance of the City of Sierra Madre.

(E) Side Yard Required:

On interior lots there shall be a side yard on each side of a dwelling with or without attached garage of not less than five (5) feet and of not less than three (3) feet for a detached garage or accessory building; provided that when one or more dwellings are erected at locations on a lot other than the building sites contiguous to the front yard, the required side yard for each such building shall be not less than ten (10) feet.

On corner lots the required side yard line adjoining the interior lot shall be the same as for interior lots. The required side yard on the street side shall be ten per cent (10%) of the width of the lot, provided it shall not be less than ten (10) feet; and provided further that accessory buildings shall be located not less than fifteen (15) feet from the side street lot line.

(F) Rear Yard Required: The rear yard shall be not less than twenty (20) feet in depth.

(G) Distance Between Buildings on Same Lot: No detached dwelling, or other main building shall be closer than twenty (20) feet to any other detached dwelling or main building on the same building site, and no detached accessory building shall be closer than five (5) feet to any other accessory building or main building on the same building site."

SECTION 3: That Section 8 of Ordinance No. 391 aforesaid be and the same is hereby amended to read as follows: "SECTION 8: R-3 (Multiple-Family) Residence. District Requirements:

(A) Uses Permitted:

1. All uses permitted in the R-1 and R-2 Districts;

2. Group dwellings and multiple-family dwellings;

3. Hotels, boarding and rooming houses;

4. Lodges, fraternities and societies.

This is no criticism of anyone. Doubtless there are good reasons for the situation. But it is a fact that our charming city would be much more charming if we had better coordination in the matter of cleaning up garden rubbish.

Some of us pile it out on the curb much too early, so it remains as a sidewalk decoration for a week or two. I was guilty of that for several weeks. Last month I went to the City Hall to inquire when I should pick it out and was told the pickup in our district would begin June 28 and probably would take a couple of days. So I piled the rubbish on the curb June 28. It was still there on July 10, having decorated the curb over two weekends and the July 4 holiday.

For the good looks of our city the June pickup should be in June, the July pickup in July, and so on. Otherwise the piles get so big as to be real eyesores, and to cause further delay in the pickup.

Illegal Turn Case Dropped

Charges of making an illegal right turn at Lima and Sierra Madre boulevard were dismissed Saturday morning by City Judge John C. Mead.

David Osti, 27, Grove, had been accused of swinging too large an arc in turning a truck north at the intersection. Willard J. Gordon of Monrovia said his car had been "pinched" between the curb and truck when Osti made the turn.

Osti estimated that he was approximately seven feet from the curb when he made the turn.

"That's a tough corner to make with a truck—without curving out slightly," Judge Mead observed. "The charge is dismissed."

Gordon pointed out that Osti should have been cited for having his rear license plate on upside down, then.

Osti explained that the metal had worn through and he had fastened the plate upside down until the state sent the new plates which he had ordered.

The city judge advised Gordon to take up the matter in small claims court for any possible damage to his car. "This is a civil matter," Judge Mead stated.

(B) Building Height Limit:

Two (2) stories, but not to exceed thirty-five (35) feet; however, not exceeding two (2) additional stories may be erected provided each additional story or each additional twelve (12) feet of vertical structure is set back an additional five (5) feet from the exterior boundaries of the story next beneath.

(C) Building Site Area Required:

The minimum building site area shall be a lot, or parcel of land not less than five thousand (5000) square feet in area, but in no case shall a two-family dwelling, group dwelling or multiple-family dwelling be erected which provides less than one thousand two hundred and fifty (1,250) square feet of land area per family or housekeeping unit.

(D) Front Yard Required:

The front yard shall be as now required, or as may be hereafter required by any Ordinance of the City of Sierra Madre.

(E) Side Yard Required:

On interior lots there shall be a side yard on each side of a dwelling with or without attached garage of not less than five (5) feet and of not less than three (3) feet for a detached garage or accessory building; provided that when one or more dwellings are erected at locations on a lot other than the building sites contiguous to the front yard, the required side yard for each such building shall be not less than ten (10) feet.

On corner lots the required side yard line adjoining the interior lot shall be the same as for interior lots. The required side yard on the street side shall be ten per cent (10%) of the width of the lot, provided it shall not be less than ten (10) feet; and provided further that accessory buildings shall be located not less than fifteen (15) feet from the side street lot line.

(F) Rear Yard Required: The rear yard shall be not less than twenty (20) feet in depth.

(G) Distance Between Buildings on Same Lot:

No detached dwelling or other main building shall be closer than twenty (20) feet to any other detached dwelling or main building on the same building site, and no detached accessory building shall be closer than five (5) feet to any other accessory building or main building on the same building site."

SECTION 4. That said Ordinance No. 391 be and the same is hereby amended as in Sections 1, 2 and 3 of this Ordinance hereinabove set forth.

SECTION 5. The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper of general

circulation published and circulated in said City of Sierra Madre and hereby designated for that purpose, and thirty days from and after the passage thereof, the same shall be in full force and effect.

I HEREBY CERTIFY that the foregoing Ordinance was adopted at a regular meeting of the City Council of the City of Sierra Madre, held on June 27, 1950, by the affirmative vote of at least three Councilmen, to wit:

AYES: Councilmen Eaton, Black, Barter, Korsmeier and Kinney,

NOES: None,
ABSENT: None,

Jean Askew Becomes Bride Of Richard R. Patterson Jr.

In a formal ceremony at 4 o'clock Sunday afternoon, Jean Askew, daughter of Mr. and Mrs. Charles Askew of 23 S. Lima, became the bride of Richard R. Patterson Jr., son of Mr. and Mrs. Richard R. Patterson, 88 N. Auburn.

Over 200 friends witnessed the Congregational Church rites performed by Rev. Carl Smith. Yellow and white shasta daisies and gladiolas were used to decorate the church.

The wedding of this popular young couple culminates a long friendship; both attended Sierra Madre Grammar School, Wilson Junior High and Pasadena City College. The bride was graduated in June from USC, where she majored in music. She is organist at the local Congregational Church.

The bridal gown was fashioned of white marquisette and lace, with short sleeves, a high neck and full skirt. A narrow orange blossom band held her fingertip veil and she carried white carnations and bouvardia.

The only attendant was Mrs. Vivian Cravath, aunt of the groom. She wore blue embroidered organza and carried yellow carnations.

Donald Metcalf was best man, and the ushers were Richard Jenkins and Ernest Patterson, brother of the groom. Eleanor McGookin of Glendale was organist.

Mrs. Askew, mother of the bride, wore a navy sheer with pink accessories and a pink carnation corsage. The groom's mother, Mrs. Patterson, chose a flowered sheer with yellow carnations.

After a reception in the

church, Mr. and Mrs. Patterson left on a week's honeymoon at Carmel and San Francisco. They will be at home next week at 400 N. El Molino in Pasadena.

Phyllis Young Will Wed Fellow Berkeley Student

Two seniors at the University of California at Berkeley have announced their intention to marry on Sunday, August 27, at the Congregational Church in Sierra Madre. The betrothed are Phyllis Anne Young, daughter of Mr. and Mrs. Charles LeRoy Young of 214 Olivera Lane, and Albert William McKinney, son of Mrs. Russell Stubbs of Pasadena.

The couple will make their home at Berkeley in the fall, where both will continue their schooling. Miss Young, a graduate of Sierra Madre Grammar School and Monrovia High, plans to be a teacher. Mr. McKinney is majoring in mathematics.

Rose Chapel Rites For Donna Kurvink And Glidden Switzer

Glidden Charles Switzer will claim Donna Mae Kurvink as his bride in a 4:30 p.m. ceremony at Pasadena Chapel of Roses, Saturday, July 15.

Miss Kurvink, daughter of Ralph Kurvink of Los Angeles, resides with her sister, Mrs. Sam Sparks, of 326 Adams. Her groom-to-be is the son of Mrs. Mary Alice Switzer of 571 Sturtevant Drive.

ILLINOIS GUEST

Miss Dorothy Baum, a teacher from Lombard, Ill., is a July visitor at the home of her cousin, Mrs. Ray Stadler of East Highland avenue.

Consorsos Plan Annual Barn Dance

Silks, satins, buttons, bows, and calico and jeans will be much in evidence Saturday night, July 22.

The occasion? It's Consorsos' Annual Barn Dance. Pritchard Hall of the Congregational Church will become a replica of the "old red barn" on that evening, when members and friends dance to both old and modern music.

Following a home-cooked spaghetti dinner, Lorne Pratt, well-known master of ceremonies and TV announcer, will take charge of the program.

Mr. Pratt promises unusual entertainment acts, including Spanish dancers and singers, accordion numbers, harmony from a barber shop quartet, and comedy skits.

Joe Davis will present an act described only as "a sensational take-off on a jitterbug." Ballroom and square dancing will be interspersed with entertainment acts throughout the evening.

Committee chairmen working out final details for the annual event include Mrs. Joe Butler, co-chairman with Mrs. Kenneth Carlson for the barn dance; Mrs. Richard Price, decorations; Mrs. Jack Dunning, food; Mrs. Charles Skutt, entertainment; Mrs. Robert Summers, door prizes; and Mrs. Jay Schmidt, reservations.

THREE FRIENDS GIVE BRIDAL SHOWER FOR CARMEN J. BARELA

A miscellaneous shower for 15 friends was given Monday evening for Carmen Juliet Barela, who will become the bride of James Lyman Walters this Sunday afternoon, July 16, at 1 o'clock in St. Rita's Catholic Church. Hostesses were two of her attendants, Jackie Kinney and Margaret Creighton, and also Mrs. Jean Smalldon. It was given at the Kinney home on West Sierra Madre boulevard.

Miss Barela is the daughter of Mr. and Mrs. Anthony A. Barela of 130 Suffolk. Mr. Walters' parents are Mr. and Mrs. Lloyd Walters of Altadena.

Japan-Bound

Missionary Speaks to Nazarene Families

Harrison Davis of the Pasadena Nazarene College was guest speaker Friday evening at a Nazarene Family Night meeting. Mr. Davis is leaving this week on a missionary assignment in Japan.

A regular Missionary Society meeting was held Tuesday evening at the church, according to Pastor Orlan Burlison.

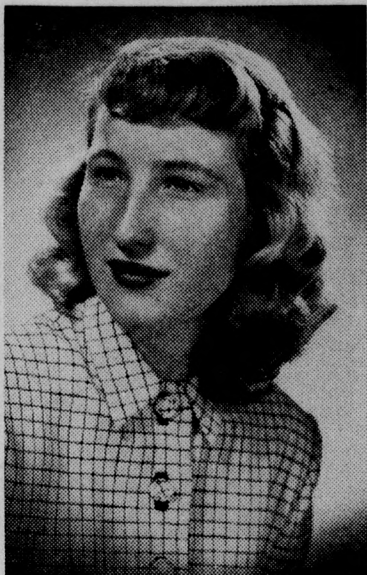

FINAL CIVIC CLUB BOARD MEETING UNTIL SEPTEMBER

The Civic Club of Sierra Madre will hold a board meeting for 18 members tonight at the home of Mrs. Wilma Johnston on Foothill avenue.

President Mrs. Edward Tate announces that this organization will disband for the summer and resume meetings in September.

Mary E. Bradstreet Engaged to Nathan W. Tarr II

The engagement of Mary Elizabeth Bradstreet to Nathan Winship Tarr II was revealed at a mother-daughter luncheon held in the San Marino home of Miss Bradstreet's parents, Mr. and Mrs. Raymond H. Bradstreet.

MARY E. BRADSTREET

The bridegroom-elect is the son of Mr. and Mrs. Donald T. Tarr of Sierra Madre.

Mary Elizabeth attended the University of Colorado and is now a student at the University of California at Berkeley, where her fiancé is a senior. They plan to continue their studies at Berkeley in the fall. No wedding date has yet been announced.

Journalism Exhibition To Trace State History

The fabulous growth of California from a wilderness to its present top-ranking position in the Union will be graphically portrayed at the Centennial Exposition of California Journalism at San Diego, Aug. 1 through Sept. 9.

Co-sponsored by the city and county of San Diego and the California Centennials Commission, the exposition is to be held in colorful Balboa Park.

Friday, Aug. 18, is the day the Sierra Madre NEWS will be honored with eight other Southern California weekly and semi-weekly newspapers.

An old-time newspaper shop, complete with a century-old Washington hand press, will be set up and operated during the six weeks of the show.

Local Women Plan Windy City Meeting

Mrs. Zeda Leonard and Miss Verna Jones of Sierra Madre are meeting in Chicago this week and will return here together, July 15.

For the past five weeks Mrs. Leonard has been traveling in Chicago and Michigan. Miss Jones, of the Wistaria Beauty Shop, has been stopping in Chicago for two weeks.

Patio meals provide a wonderful opportunity for the homemaker to sit back and enjoy having the rest of the family do the cooking for a change. Provide easily prepared foods for outdoor cooking and let each person have a hand in fixing the food. A patio meal can be a most pleasant way to have a dinner on a warm summer night.

Elaborate facilities are not necessary, for it can be as much fun to carry out the cooked food for an impromptu back yard picnic. However, when outdoor cooking facilities are available, the suggestions that follow will provide an easy meal.

BROILED BEEF PATTIES
(Serves 4)
1 lb. round steak, ground
1 egg
4 Tbsp. ketchup
2 Tbsp. milk
Salt and pepper
1 small onion, minced
Flour

Bermuda onion, sliced
2 Tomatoes, halved
Mix meat, egg, ketchup, milk, seasonings, and onion. Form into four 3-inch patties. Dip in flour, place under broiler flame along with four slices of Bermuda onion. When meat browns, turn, and add tomato halves to broiler tray. Broil until done.

VEGETABLE SALAD WITH SOUR CREAM
(Serves 6)
1 C. sliced cucumbers
1 C. sliced tomatoes
1 C. sliced onion
1 Tbsp. vinegar
1 Tbsp. horseradish
1 Tbsp. sugar
1 tsp. salt
1 C. sour cream

Combine vegetables. Mix vinegar, horseradish, sugar and salt with cream. Pour dressing over vegetables and toss lightly. Serve on lettuce.

FRIED CORN AND ONIONS
(Serves 4)
1/2 clove garlic
1/4 C. margarine
3 medium onions, sliced
1 can (No. 1 1/2) kernel corn
1/2 green pepper sliced
1/2 tsp. salt
1 tsp. chopped pimento
Rub sauce pan with garlic. Melt fat, add onions, cover and cook slowly for three or four minutes. Add corn, pepper, and salt. Cook until well heated. Add pimento just before serving.

GINGER CREAMS
(Makes up to 48 squares)
1 C. brown sugar, packed
1 C. shortening
1/2 C. molasses
2 Tbsp. cold water
1 egg, unbeaten
1/2 C. hot water
1 Tbsp. soda
4 C. all-purpose flour
1 Tbsp. cinnamon
1 tsp. ginger
1/2 tsp. cloves
1/2 tsp. allspice
Cream sugar and shortening; add molasses, cold water, and egg. Beat well. Add hot water to which 1/2 the soda has been added. Sift flour once, measure, and sift again with remaining soda and spices. Stir well. Pour into pan 12x16 inches or smaller pans equal to that size. Bake 20 minutes at 350° F. Frost with uncooked butter icing.

AUTO CLUB'S TRIP OF THE WEEK

Scenic KINGS CANYON

Of the numerous superlative scenic attractions of Kings Canyon National Park, the magnificent giant sequoias and primitive wilderness areas stand out as chief tourist interests. Moreover, motorists entering the national park region via the Generals Highway (top photo) will be doubly rewarded as the route traverses the equally impressive areas of famed Sequoia National Park.

● In Sequoia, make the Giant Forest Administration building your base of operations as charts, maps and descriptive material are available here. Be sure to see the renowned General Sherman Tree, oldest and largest in the world and, if time allows, take the enjoyable two-mile walk along the Trail of the Sequoias which leads past many famous trees of the area. A visit to Moro Rock and Crystal Caves is also recommended...

● The General Grant Grove area in Kings Canyon is one of the most famous of all Sequoia groves. The famed General Grant Tree, conservatively estimated to be 3,500 years old, is located here...

● The giant Sequoias hereabouts are the largest and oldest living things. Trees approaching 300 feet in height and exceeding 30 feet in diameter may be found in numerous groves throughout the park, their great size and age being due to their resistance to destruction by fire, insects, decay...

● Other famed trees of the General Grant Grove area include the General Lee Tree, the Centennial Stump and the Saved Tree. A visit to nearby Panamint Point is highly recommended...

● Further inland lies the wilderness area where the landscape defies description. Huge domes along the canyon wall, more than 2,000 feet high, are

The bonds herein referred to were voted for the purpose of "raising money for the purchasing of school lots; the building of school buildings; the making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs; the repairing, restoring or rebuilding of any school building damaged, injured or destroyed by fire or other public calamity; the supplying of school buildings with furniture or necessary apparatus of a permanent nature; the permanent improvement of the school grounds."

Sierra Madre City School District has been acting as a school district under the laws of the state of California continuously since January 7, 1878 as Santa Anita, name changed February 18, 1902.

The assessed valuation of the taxable property in said school district for the year 1949 is \$7,753,390.00, and the amount of bonds previously issued and outstanding as of June 13, 1950 is \$72,000.00.

The percentage of tax delinquency for Sierra Madre City School District for the last five years is as follows:

1944-45.....2.02%
1945-46.....2.86%
1946-47.....3.23%
1947-48.....3.34%
1948-49.....2.52%

Sierra Madre City School District includes an area of approximately 46.21 square miles, and the estimated population of said school district is 5,940.

The bonds will be sold for cash only and at not less than par and accrued interest.

Each bid must state that the bidder offers par and accrued interest to the date of delivery and state separately the premium, if any, and the rate of interest offered for the bonds bid for.

Each bid shall be for the entire amount of said bonds at a single rate of interest, and any bid for less than the entire amount of said bonds, or for varying rates of interest will be rejected.

Payment for and delivery of bonds will be made in the office of the Board of Supervisors.

A certified or cashier's check for a sum not less than 3% of the amount of the bonds bid for, payable to the order of the Chairman of the Board of Supervisors, must accompany every bid as a guaranty that the bidder, if successful, will accept and pay for the bonds described in the accepted bid in accordance with the terms of his bid, and said check shall remain in the possession of the Board of Supervisors until all of said bonds are paid for. The Board reserves the right to reject any and all bids. The Board also reserves the right to disregard insubstantial irregularities and technical defects in bids.

By order of the Board of Supervisors of the County of Los Angeles, State of California, adopted June 27, 1950,
HAROLD J. OSTLY,
County Clerk and
County Clerk of the
Board of Supervisors
By RAY E. LEE,
Deputy.
Pub. July 6, 13.

...MAKE IT A FAMILY TRIP

Go Santa Fe

Short or long trip—you can take the youngsters along for very little extra cost—via Santa Fe. Children under 5 years free...under 12 years for just half fare...when accompanied by a fare-paying adult. And Santa Fe baggage allowance is liberal—150 lbs. free for each full fare, in addition to hand luggage.

Take the children with you on your next trip east...give them unforgettable memories of the majestic Grand Canyon...the fairytale of Carlsbad Caverns...the colorful Indian Pueblos around old Santa Fe. Stopovers easily arranged. Five daily trains between California-Chicago—Super Chief, The Chief, El Capitan, California Ltd., The Grand Canyon—provide accommodations to fit every purse. Fine Fred Harvey food.

AUTO CLUB'S TRIP OF THE WEEK

Scenic KINGS CANYON

Of the numerous superlative scenic attractions of Kings Canyon National Park, the magnificent giant sequoias and primitive wilderness areas stand out as chief tourist interests. Moreover, motorists entering the national park region via the Generals Highway (top photo) will be doubly rewarded as the route traverses the equally impressive areas of famed Sequoia National Park.

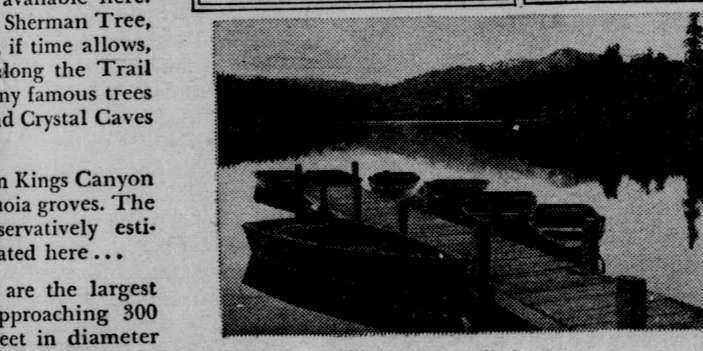

● In Sequoia, make the Giant Forest Administration building your base of operations as charts, maps and descriptive material are available here. Be sure to see the renowned General Sherman Tree, oldest and largest in the world and, if time allows, take the enjoyable two-mile walk along the Trail of the Sequoias which leads past many famous trees of the area. A visit to Moro Rock and Crystal Caves is also recommended...

● The General Grant Grove area in Kings Canyon is one of the most famous of all Sequoia groves. The famed General Grant Tree, conservatively estimated to be 3,500 years old, is located here...

● The giant Sequoias hereabouts are the largest and oldest living things. Trees approaching 300 feet in height and exceeding 30 feet in diameter may be found in numerous groves throughout the park, their great size and age being due to their resistance to destruction by fire, insects, decay...

● Other famed trees of the General Grant Grove area include the General Lee Tree, the Centennial Stump and the Seward Tree. A visit to nearby Panoram Point is highly recommended...

● Further inland lies the wilderness area where the landscape defies description. Huge domes along the canyon wall, more than 2,000 feet high, are

flanked by towering peaks and glacial lakes, alpine meadows and virgin forests are interspersed among spectacular granite gorges and lofty mountain peaks throughout the area. Out in the "back country" lies a vast region of mountains, forests, canyons and numerous lakes and streams such as those illustrated in center and lower photo. Trout fishing is considered good hereabouts.

Michigan Wolverines
Will Hear G. J. Knight

Lt. Governor Goodwin J. Knight will be featured speaker Saturday, July 22, at Sycamore Grove Park in Los Angeles, when the Michigan Wolverines and their friends get together for an all-day reunion and picnic.

Archie Garton, president of the Michigan State Society, said community singing will be led by Hugo Kirshofer, and special musical numbers are planned by Mrs. Nellie Manning and her artists.

NOTICE OF SALE OF BONDS
Notice is hereby given that sealed proposals will be received up to 9 o'clock a. m., California Daylight Saving Time, of July 25, 1950, by the Board of Supervisors of the County of Los Angeles, State of California, in its office in the Hall of Records, in the City of Los Angeles, for the purchase of the following described bonds of Sierra Madre City School District of the par value of Seventy-nine Thousand Dollars (\$79,000.00). Each of said bonds will be dated August 1, 1950, and will bear interest at a rate

not to exceed five per cent (5%) per annum, which shall be in multiples of one-fourth (1/4) of one per cent (1%), which rate of interest shall be determined upon the sale. The interest for the first year shall be payable in one installment at the end of said year, and all interest thereafter shall be payable semi-annually, both principal and interest to be payable in lawful money of the United States, at the Treasury of the County of Los Angeles.

Said bonds will be seventy-nine (79) in number of the denomination of One Thousand Dollars (\$1,000.00) each, payable as follows:

82 to 86, inclusive, August 1, 1967	82 to 86, inclusive, August 1, 1967

The bonds herein referred to were voted for the purpose of "raising money for the purchasing of school lots; the building of school buildings; the making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs; the repairing, restoring or rebuilding of any school building damaged, injured or destroyed by fire or other public calamity; the supplying of school buildings with furniture or necessary apparatus of a permanent nature; the permanent improvement of the school grounds."

Sierra Madre City School District has been acting as a school district under the laws of the state of California continuously since January 7, 1878 as Santa Anita, name changed February 13, 1902.

The assessed valuation of the taxable property in said school district for the year 1949 is \$7,753,390.00, and the amount of bonds previously issued and outstanding as of June 13, 1950 is \$72,000.00.

The percentage of tax delinquency for Sierra Madre City School District for the last five years is as follows:

1944-45.....	2.02%
1945-46.....	2.66%
1946-47.....	3.23%
1947-48.....	3.34%
1948-49.....	2.52%

Sierra Madre City School District includes an area of approximately 46.21 square miles, and the estimated population of said school district is 5,940.

The bonds will be sold for cash only and at not less than par and accrued interest.

Each bid must state that the bidder offers par and accrued interest to the date of delivery and state separately the premium, if any, and the rate of interest offered for the bonds bid for.

Each bid shall be for the entire amount of said bonds at a single rate of interest, and any bid for less than the entire amount of said bonds, or for varying rates of interest will be rejected.

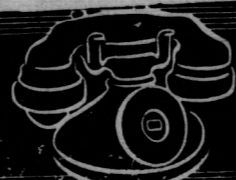

Payment for and delivery of bonds will be made in the office of the Board of Supervisors.

A certified or cashier's check for a sum not less than 3% of the amount of the bonds bid for, payable to the order of the Chairman of the Board of Supervisors, must accompany every bid as a guaranty that the bidder, if successful, will accept and pay for the bonds described in the accepted bid in accordance with the terms of his bid, and said check shall remain in the possession of the Board of Supervisors until all of said bonds are paid for. The Board reserves the right to reject any and all bids. The Board also reserves the right to disregard insubstantial irregularities and technical defects in bids.

By order of the Board of Supervisors of the County of Los Angeles, State of California, adopted June 27, 1950.

HAROLD J. OSTLY,
County Clerk and Ex-officio Clerk of the Board of Supervisors.
RAY E. LEE,
Deputy.

Filed a letter from the State Public Utilities Commission acknowledging the receipt of the city's list of "principal complaints" Sierra Madre telephone subscribers have regarding service of California Water and Telephone Company.

Accepted the recommendation of the Recreation Commission to hire Dick Denham as substitute Canyon Pool lifeguard during the absence of Warren Peterson. Dick has served before as lifeguard at the local pool and is fully qualified, it was pointed out.

Referred to the Library Board a letter from Mrs. Florence Eakman, suggesting that a painting be hung in the City Hall as a memorial to Mrs. Annie Laurie Griebel, who passed away July 1. The Councilmen said a memorial room is being planned for the new library and, since Mrs. Griebel was prominent in literary circles, the board might erect a memorial to her there.

Authorized Purchasing Agent Lawrence B. Brain to advertise for bids for the sale of a 1/2-ton truck to be used by the water department.

Agreed to charge the Safeway Store \$20 a month for the commercial combustible rubbish pickup service it requested.

City School Board OK's Room Design

Preliminary design for the four new classrooms at Sierra Madre City School was approved Tuesday night by the School Board.

The Board officially OK'd the hiring of Marsh, Smith and Powell Architectural Firm for work on the new building—work which was approved by voters May 9 in a \$86,000 bond issue.

In signing the contract with the architectural concern, the School Board authorized it to go ahead with working drawings for the school rooms.

Superintendent Charles A. Skutt said tentative plans had been submitted to school staff members, lay people of the Parent-Teacher Association, and to the board Tuesday night. The plans are finally worked out were agreed upon by the Board.

Howard Morridge, also a partner in the architectural firm retained by the school, is a Sierra Madrean, living at 162 E. Montecito. Mr. Skutt said he will be handling many of the local arrangements and work.

The School Board also issued purchase orders for green-trim paint for the exterior of the school building.

state-wide in scope and coincides with similar military reserve activities in most other states of the nation," Lieutenant Haight said.

Sierra Madre's organization, at present, meets twice monthly for instruction consisting of lectures and various practical problems, which may be encountered in the future.

"At no time," the commanding officer emphasized, "will the reserve unit be called to duty prior to the actual mobilization of the regular National Guard."

He explained that qualified Sierra Madre men are being sought for commissioned officer and non-commissioned officer posts.

Anyone interested in taking an active part in this organization is asked to attend a special meeting in the City Hall Council Chambers Monday, July 17, at 8 p.m.

"In view of the critical international situation, a large turnout is anticipated to help speed this enlistment program," Lieutenant Haight stated.

Persons interested in the program may also contact Lieutenant Haight at his home, 665 Ramona.

that the city do the necessary work, the railway company planning to pay a sum to compensate for the cost to Sierra Madre.

Mr. Cornyn said plans are being worked out to get the best financial agreement for the city. He quoted officials as being willing to turn the PE Depot over to the city and "give us first chance at purchasing the right-of-way at the end of their line."

Kiwanis Club Names Disaster, Civilian Defense Committee

The Kiwanis Club of Sierra Madre has appointed a Disaster Plans and Civilian Defense Committee.

The group was formed as a sub-committee of the local club's Public and Business Affairs Committee, Felix Gibian, chairman.

"All we are doing now is letting Sierra Madreans know we are preparing ourselves to help out if a national emergency ever exists," Mr. Gibian explained. "Actual civilian defense plans will have to come from Sacramento or Washington, of course."

Serving as co-chairmen of the Disaster Plans and Civilian Defense Committee are John Conzelmann and Eugene Lunsford.

Other committees announced by Mr. Gibian are: Sierra Madre Fire Protection, formed to investigate how the area can be protected from fire; Noren Eaton, Stanley Cann, Victor H. Keisel, and Fire Chief James C. Heasley.

Hoover Report Committee: Dr. Milton Valois and Noren Eaton. Mr. Gibian will be the Kiwanis Club representative on the Sierra Madre Merchants Committee.

County OK's 3 Dairies

Operation of three dairies in the Altadena area near Sierra Madre does not impair surrounding property, according to an opinion handed down last week by the Los Angeles County Zoning Board.

A. H. Adams, director of the Regional Planning Commission, of which the zoning board is a unit, said Friday that the Board of Supervisors had ordered his department to conduct a hearing to determine if the permits of the three dairies should be revoked.

They were listed as the Swan Dairy, 3207 Sierra Madre boulevard; the Glen View Farms, Dairy, 3097 Paloma street; and the Frank A. Silva Dairy, 3094 Paloma street.

The three plants are located between a gully and high tension wires at the east bank of Eaton Canyon wash.

Fire Permit Good Only One Day Woman Learns

A city permit to make a fire is good for only one day, Mrs. John C. Sengers, 327 Sycamore Place, learned this week. The lesson cost her \$5.

Mrs. Sengers was issued a permit to burn leaves on June 17. She said the leaves were too green then so she waited until July 4.

"I thought the permit still would be good," the woman told City Judge John C. Mead Saturday.

Judge Mead pointed out that weather conditions could vary "tremendously" within two or three days. That's why permits expire at the end of the day designated. He sentenced her to pay \$10 but suspended half of the fine.

"I still think they should put the word 'only' after the date stipulated on permits," Mrs. Sengers said.

'Operation Safety' Campaigners List Motoring Pointers

The American Legion and Rotary International, cosponsors of "Operation Safety" for the month of July, wish to remind all motorists that it is every driver's responsibility to observe the following safety practices:

1. To observe and obey the traffic laws in the cities and states through which he drives.
2. To heed traffic signs and markings.
3. To drive a mechanically-safe vehicle.
4. To stop and rest when tired.
5. To drive without excessive speed.
6. To refuse to drive after drinking.

The welcome you receive in the places you visit is no license for reckless driving. So be a responsible guest and you always will be a welcome guest.
